School reports

As in previous years, teachers have written school reports for the children in their class. This will be sent out next week in the post. Following the reports you will have the opportunity to discuss these at the parent teacher consultations. These will take place via zoom.

There will be a letter accompanying the report along with a comments box if you would like to let us know your thoughts.

Arrangements of meetings.

We would love to do meetings face to face however due to current guidelines and restrictions, all meetings will be conducted via Zoom. There is a separate letter regarding zoom and how to set it up on the school website > parents tab > letters tab.
